The Series shall comprise of 4 Rounds in 2025.

Overall and class titles will be determined by the total aggregate points accrued by each competitor at each of the 4 scoring rounds (i.e. all rounds count).

In the event of one round being cancelled, the series will revert to total aggregate points from each competitor's 3 highest scoring rounds.

- 7.1.1 Should a driver or co-driver change classes during the season, points will only accumulate in those classes and are not transferable. Overall driver and co-driver titles will not be affected by changing classes.
- 7.1.2 The Committee reserves the right to either cancel or amend any Rounds due to "force majeure" without affecting in any way its power to award any title.

- a) Points for Overall are based on overall placing in each Round and will be allocated to the drivers and co-drivers in accordance with the following scale:

- 7.3.2 In the event of a "tie" in the final points tally of the NIRS for any placing, the best placing shall be determined by reference to the greater number of superior positions won in the various categories from which the points derive (e.g. the number of first places, then the number of second places etc.).
- 7.3.3 Should paragraphs 7.3.1 and 7.3.2 fail to separate equal placings, such placings will be determined by the overall points achieved.
